Risk Features

<1s

Prediction Time

Everything you need for smarter credit decisions

Powered by real financial data and machine learning to deliver highly accurate and actionable credit insights.

AI-Powered Risk Analysis

LightGBM model trained on real loan data to predict default probability with high accuracy.

Interactive Dashboards

Visual charts and graphs to understand your financial risk at a glance.

Dual Perspective

Separate interfaces for borrowers and banks — each tailored to your role.

Instant Predictions

Get results in seconds. Real-time AI analysis with no delays.

About CreditPath AI

An intelligent loan risk prediction system designed to assist both borrowers and financial institutions in making smarter, data-driven decisions.

What We Do

- ✦ Predict borrower risk using a trained LightGBM AI model
- ✦ Provide personalised recommendations for users
- ✦ Assist banks in loan approval & recovery decisions
- ✦ Visualise risk through interactive charts

Our Goal

- ✦ Reduce financial risk in the lending ecosystem
- ✦ Improve decision-making with data-driven insights
- ✦ Make credit analysis accessible to everyone
- ✦ Bridge the gap between borrowers and lenders

Key Features

- ✦ Dual interface for Users & Banks
- ✦ Real-time AI predictions (< 1 second)
- ✦ Interactive Plotly charts & dashboards
- ✦ Personalised financial tips & suggestions

Future Enhancements

- ✦ Integrate real-time banking API data
- ✦ Advanced Explainable AI (XAI) models
- ✦ Blockchain-based identity verification
- ✦ Mobile Application Deployment

Tech Stack

 React.js FastAPI LightGBM Plotly.js Axios Pandas Joblib React Router

AI Decision Plan

- Recovery Channel: Email + SMS
- Follow-up Schedule: 15 days
- Final Suggestion: Approve with minimal monitoring.

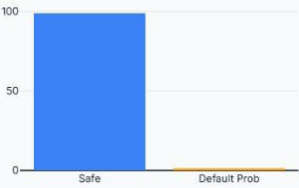

Standard Banking Guidelines

- Check the borrower's identity and income proofs one more time before giving the loan.
- Make sure the loan amount makes sense compared to the value of their property (LTV 50%).
- Check if the borrower already has too many other loans to pay off.
